

The David Dunlap Observatory Lands Planning and Conservation Management Study (Public Open House)

You are invited to an Open House being held as part of the David Dunlap Observatory Lands Planning and Conservation Management Study for the Town of Richmond Hill (see study area map below). The Open House will be held at the Yorkshire Room, Langstaff Community Centre, located at 155 Red Maple Road, Richmond Hill Ontario. Please join us on:

October 20th, 2009 7pm to 9.30 pm
Power Point Presentation 7.15 pm.

The intent of the David Dunlap Observatory Lands Planning and Conservation Management Study is twofold: first, to establish a Conservation Management Plan that assists in managing and protecting the property's heritage attributes; and second, to develop a land use vision and strategic direction for the future of the site that will celebrate its uniqueness and special value. Staff from the Town and Planning Alliance (the consulting firm retained to lead the David Dunlap Observatory Lands Planning and Conservation Management Study), will describe the study process, what a conservation management strategy is, and how it will guide the future vision of the David Dunlap Observatory Lands.

For further information, contact Joanne Leung in the Planning & Development Department at (905) 771-5498 or by e-mail jleung@richmondhill.ca.

Donna L. McLarty, Town Clerk
