

## Bethesda Sideroad Reconstruction Between Leslie Street and Highway 404

### Planned Work

The scope of work includes excavation, grading, culvert replacement, ditching, granular material placement, asphalt paving, illumination, road signage and line painting to reconstruct the Bethesda Sideroad including Multi-use Path from 540m west of Leslie Street to Leslie Street.

The Phase #3 construction is scheduled to begin in June 2024 and to be completed by end of 2024.

### Impact on Local Residents

Roads will remain open to vehicular traffic during construction. Temporary traffic diversions will be required at times to allow construction to be undertaken in a safe and efficient manner. A short road closure is expected and notification will be provided prior to. Thank you for your patience during construction.
