

## Arnold Crescent, Highland Lane and Elizabeth Street Road Reconstruction

### Temporary Lane Restriction on Yonge Street:

Please be advised that as part of the above noted project, temporary lane restrictions will be in effect on Yonge Street, between Major Mackenzie Drive and Centre Street. This traffic lane restriction is necessary to allow crews to safely work on the watermain on Yonge Street and Arnold Crescent.

### Effective Date and Time:

A traffic lane restriction is scheduled to commence on December 8, 2025, at approximately 7:00 a.m. This configuration is anticipated to remain effective until the end of December 9, 2025.

### Impact on Local Residents and Businesses

Traffic will be limited to one lane in each direction, and on-street parking will be suspended during this construction. Follow existing parking rules on nearby streets and arrange alternative parking if needed. Emergency services are aware of these changes. For your safety, obey all barricades, warning devices, and posted signs.

We apologise for any inconvenience and appreciate your cooperation and patience as we work to finish the work quickly and efficiently.
