

Arnold Crescent, Highland Lane and Elizabeth Street Road Reconstruction

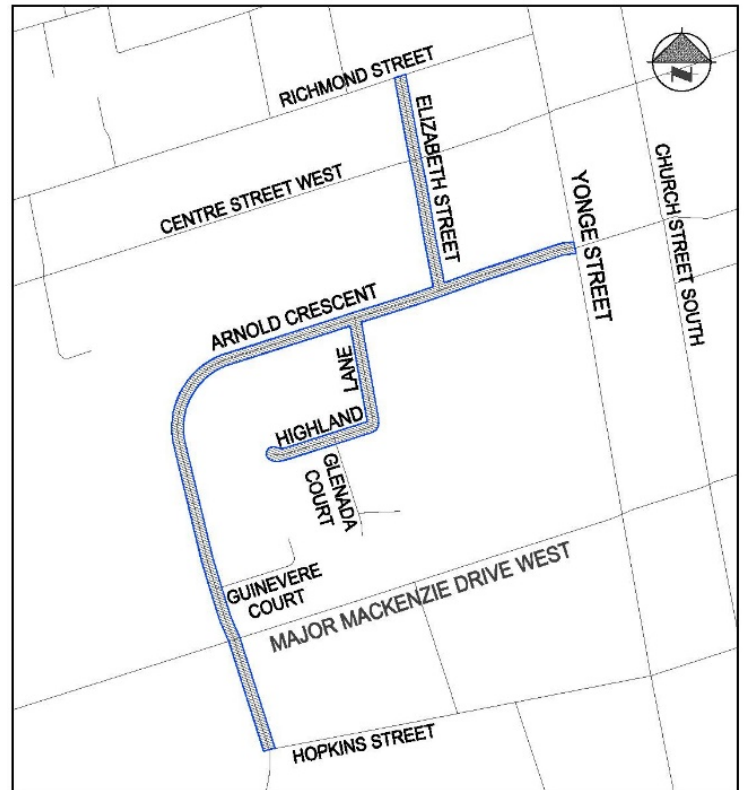

Construction Notice Update: Tree Trimming and Removals Rescheduled

Dear Residents:

Please note that tree trimming and removals for the Arnold Crescent, Highland Lane and Elizabeth Street Road Reconstruction project will now take place in December 2025, instead of spring 2026. This change aligns with the updated construction schedule and aims to minimize disruption.

Key Schedule Updates:

- November 2025 to December 2025 – Arnold Crescent between Elizabeth Street and Yonge Street underground work (watermain replacement)
- **December 8 – December 19, 2025 – Tree trimming and Tree removals**
- Spring 2026 to Late 2026 – Continued underground work (watermain, sanitary sewer and storm sewers)
- Spring 2027 to Fall 2027 – Roadwork (curbs, gutters, sidewalks, driveways, boulevard restorations)
- Summer 2028 – Final top asphalt paving

What to Expect:

The Arborist will visit the project area and identify which trees need to be removed. The City's contractor, the Arborist, and City officials will verify the trees listed for removal in the Arborist Report. After confirmation, the Contractor will proceed with removing the designated trees.
