

## Arnold Crescent, Highland Lane and Elizabeth Street Road Reconstruction

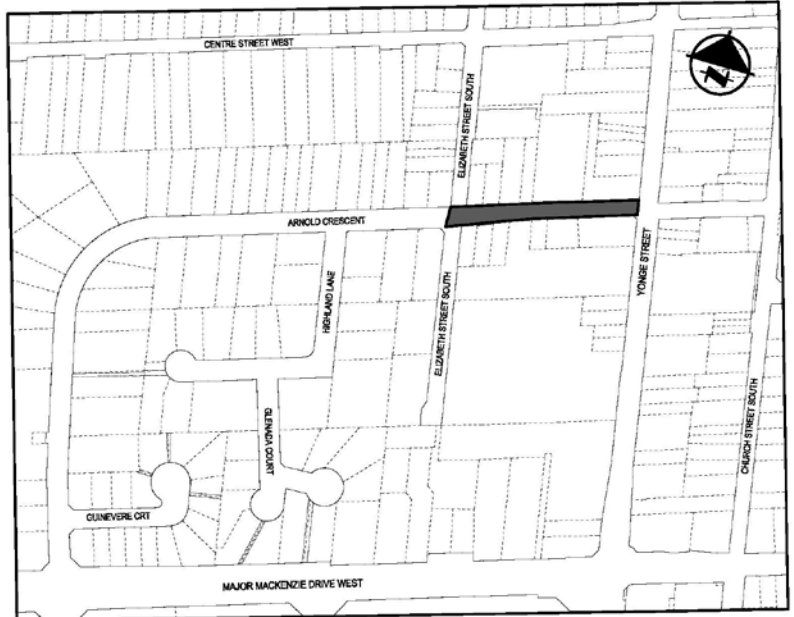

### Planned Road Closure

Please be advised that Direct Underground Inc. will proceed with the closure of Arnold Crescent, between Elizabeth Street South and Yonge Street, as well as the intersection of Elizabeth Street South and Arnold Crescent (see the map for details), from November 12 to December 30, 2025. This closure is required to facilitate the installation of underground infrastructure (watermain and sanitary sewer) designed to improve both public and worker safety.

### Impact on Local Residents

Only emergency vehicles and local traffic within the closure limits will remain access during this period. All other vehicular traffic will be redirected via Centre Street, Major Mackenzie Drive, or Yonge Street.
