12895 Bayview Avenue

Friday, November 16, 2018

6:00 pm - 8:00 pm

Richmond Green Sports Centre,
1300 Elgin Mills Road East

About the Study

Richmond Hill is updating its Transportation Master Plan (TMP) that will include the future vision for all modes of travel to the year 2041. The plan will provide strategic improvements for different modes including walking, cycling, riding transit and driving around the Town's road network and on/off- road cycling and recreational trails.

Join us at the public information centres and tell us how to improve the ways you travel around town by foot, bicycle, bus and car!

Questions? Please contact the study team at:

Hubert Ng, P. Eng.

Senior Transportation Planner
Town of Richmond Hill
