

Harding Park Revitalization

Planned Construction Work

We are revitalizing Harding Park including the replacement of the playground, softball field, pathways, parking lot, site furnishings, new multi-sports court, fitness equipment and tree planting.

Construction is scheduled to begin shortly and be completed in November, weather permitting. As a measure of safety, the park will be closed during construction and residents are asked to refrain from entering the construction area. Thank you in advance for your patience during the construction phase of this project.
