Types of Records		
Type of Record	Description	Who can access
Building Drawings and Building Plans (1985 – current) Note: In most cases, <u>we do not have records predating 1985</u>	Building drawings and plans may include foundation plans, building size, setbacks to property lines, driveway dimensions, floor plans, roof framing plans, levels of elevation and HVAC plans. Septic information from 2001 onwards is also available.	Property owner or authorized representative Director of property management company for the property Anyone with written consent of the owner
Occupancy Certificates Note: In most cases, <u>we do not have records predating 1985</u>	Occupancy certificates ensure conformance with the Ontario Building Code for safety. An inspection is conducted prior to occupancy of the space.	
Survey Note: We may not have records predating 1985	A land survey identifies boundaries and features of land. A land survey may also include horizontal direction, angles and elevation.	Records will be released to anyone
Site Plan Note: We may not have records predating 1985	A site plan identifies buildings and other features in relation to property boundaries. Most of the information required for a site plan can be found on the property's survey.	
Committee of Adjustment Records	The Committee of Adjustment considers applications for Minor Variance, Permissions and Consents. Records can include the decision files, minutes, staff reports and other documents related to the Application.	
Environmental Compliance Records Search	Environmental records related to a property with respect to its usage and environmental matters such as: contaminant discharge, orders and spills, waste disposal sites, storm sewer use, by-law infractions, abatement etc.
