

Bantry Parkette Improvements

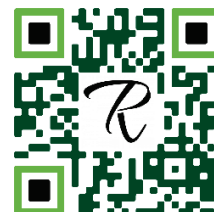

Proposed limit of work

Planned Construction Work

The City of Richmond Hill is improving the Bantry Parkettes. This includes the replacement of the concrete and asphalt walkways, site furniture, planting, and new LED pedestrian lights.

Park construction is scheduled to start in September and be completed by the end of October 2026, weather permitting. As a measure of safety, the parks will be closed during construction and residents are asked to refrain from entering the park. Thank you in advance for your patience during the construction phase of this project.
